Position: Summer Associate, Research Analyst

Term: May - August 2018

Location: JLL's GTA Offices (rotation)

The Imran Jaffer Foundation and JLL are accepting applications for the position of Summer Associate, Research Analyst. Under the supervision of a dedicated JLL - Western Internship Liaison, the incumbent will perform a range of administrative and research functions within the JLL platform. As part of our team, the student will be responsible for tracking and analyzing all aspects of the local commercial real estate market and leveraging that knowledge proactively for research projects and business development efforts.

The term of the employment would be four (4) months commencing in early May. The hours of work are Monday to Friday, from 8:30 am to 5:30 pm.

The incumbent must be a current student who has completed three years of university education and must be returning to full-time student status in the fall to apply. Enrollment in Geography, Urban Development, or Ivey Business with Urban Development program would be required.

A summer internship at JLL can give you a head start into the real estate industry with:

- A remunerated 4 month program that includes a rotation through at least 3 of JLL's business lines
- Exposure to the firm's diverse services by participating in weekly educational seminars

- Participation in intern performance evaluation process
- Networking and mentoring opportunities and a chance to get to know both fellow interns and JLL colleagues
- Real-life experience working on JLL projects

Though each student brings unique talents and perspective to an internship, the most successful share common skills and qualifications, including:

- Interest in the real estate industry
- Strong analytical skills
- Proficiency in Microsoft office (Excel, Word, and PowerPoint)
- Exceptional interpersonal skills and strong oral and written communication skills
- Excellent problem-solving skills and strong attention to detail
- Ability to prioritize and handle multiple tasks in a dynamic work environment
- Ability to work independently and collaboratively

The primary business needs for this position are to:

- Provide research and advisory support for current initiatives
- Provide research to inform decisions about specific assets
- Gather information to prepare reports about portfolios and assets
- Provide administration and project management support for realty rationalization, planning, development, and divestment projects
- Participate on JLL's Social and Charity Committees

Internship Qualifications

If you are a bright and motivated individual looking for a summer that will kick start your professional career while you are still in university - then JLL has the opportunity for you!

Here are the qualifications for students to be part of the Imran Jaffer Foundation Summer Internship Program at JLL:
